

## And a little child . . .

Fay Nelson

“Nana! Nana!” the 8 year old exclaimed as she raced into the room where her grandmother was sitting. “You’ve got to help me! I need to go on the internet right now and download some programs so I can learn a lot of languages !” (She’s already studying Spanish and Latin.)

“What for?” her Nana asked.

“I’m going to lots of countries to tell little children about Jesus and I need to do it in their own languages!” Wow!

She is surrounded by loving family who have nurtured her all of her life. From a very early age she has been drawn to the Lord and received Jesus as her Savior. She is as passionate as only a little child can be and she wants to share God’s love everywhere—and she does, with friends, classmates and family.

She and her Nana pray daily for those in ministry. A map in her homeschool room has pins in all the countries where the missionaries they pray for are located.

Jesus said we must become like little children if we want to enter the Kingdom of God. This young lady sets a great example. Unhampered by doubt or any impediments, she trusts God, knows His love and sees it in action in her home and with her family and in her world. Her greatest desire is that others might know Him, His love, and the healing and freedom knowing Him bring. And she’s getting ready to go!

And that brings the question to each of us. How are we preparing to share God’s love with those who need Him? He has a way that is right for each of us—by how we obey Him and simply by how we live and share His love in our daily lives. It’s going to be exciting!

## Thank You!

We are incredibly grateful to God for the many of you who have kept us going during this year. We have always known that we are a team ministry, and you are a huge part of the team. Your prayers, encouragement, and gifts make all that we do possible. Thank You!

# Program Report

CliffAnn Perry

While we have been ministering to individuals locally, working on some ongoing projects and keeping up with missionaries around the world it is so good to have done some live ministry in the last couple of months. Here are a few pictures from recent ministry in a Christian School to Jr. High and High School students and a children's church

This is socially distanced creative drama! They were much more active than you can tell from the picture and a lot of fun.

The children are getting a chance to act out a Bible story using the puppets. The puppetry needs some work but I suspect they will remember the story.

# Our Staff

We are welcoming Sarah Manzano as a part time staffer. She will be working remotely on much of our Web presence as well as **We Love Lucy** and other things we are planning to produce.

We have two great new interns for the summer. Jaida Snyder and Olivia Hobbs have been doing some training and are on board for summer ministry. (Olivia is the third generation of her family with whom we have shared ministry.)

We will be preparing and creating a Vacation Bible School, teaching and leading prayer time in an older Kid's Camp, planning for new **We Love Lucy** shows and working on filming a class on puppetry.

We are blessed to have all three of these talented young ladies.

## Prayer Requests

- 🌐 **For anointing and creativity.** We will be creating materials for VBS and camps.
- 🌐 **For our new staff** as they grow in the Lord and learn new things as well as reach out in ministry to others.
- 🌐 **For healing and restoration** for our dear friend and fellow missionary Linda Jones as she continues to battle cancer, and for her family as they minister to and comfort her.
